 Anhui, China

SKILLS

Design thinking
User/ market research
Sketch
Concept generation
Prototype making
Prototype testing
Rapid prototype

SOFTWARE SKILLS

CAD modelling and rendering: PTC
Creo, Fusion 360, 3ds Max, Solid-works,
Keyshot, Speedform

Sketch:

Sketchbook, Procreate, traditional sketch

Adobe creative suite:

Adobe Illustrator, Adobe XD, Adobe
Photoshop, Adobe InDesign, Adobe
Premiere

UI design:

Sketch

Programming:

Arduino
HTML/CSS

AWARD

2015 Remix creative design competition:
third prize
2016 University of Liverpool 2+2 program
scholarship
2017 University of Liverpool 2+2 program
scholarship

HOBBIES

Dancing
Swimming
Skiing
Video editing

EDUCATION

Loughborough University
M.Sc. Integrated Industrial Design

Loughborough, UK
Oct/2018 -- Dec/2019

- Result: **Merit**
- Major project: Swimming prosthetic (Mark 71)
- Main modules: Design research method, Digital fabrication skills, Business, enterprise and design, Design for behaviour change and Major project.

University of Liverpool
B.Eng. Industrial Design

Liverpool, UK
Sept/2016 -- Jun/2018

- Result: **2:1**
- Individual project: Children electric toothbrush (Mark 76)
- Main modules: Human factor, Material design, Group design project, Design management.

Xi'an Jiao Tong Liverpool University
Industrial Design

Suzhou, China
Sept/2014 -- Jun/2016

- Average: **68.2%** (Top 1 in 2+2 program)

INTERNSHIP

Honeywell
UI designer intern

Shanghai, China
Jun/2017 -- Aug/2017

- Participated in designing an iOS application interface using Sketch, which checks and records cars condition.
- Designed an interface on the digital screen of a gas detector by using Adobe Illustrator.
- Developed skills in UX design, using softwares and teamwork.

Yudong Media Company
Graphic designer

Nanjing, China
Jun/2015 -- Sept/2015

- Communicated with the clients to determine the requirements.
- Designed posters and tickets for the party by using Adobe Photoshop and Adobe Illustrator.
- Designed a poster for a community improvement show by using Adobe Illustrator.
- Gained the communication and graphic design skills.

PROJECTS

Swimming prosthetic
M.Sc. Individual project

Loughborough, UK
Feb/2019 -- Sept/2019

- Conducted the user research with the swimming experts and amputees.
- Designed mechanism and electronic circuits and programmed by Arduino.
- Rapid prototyped the functional prototype for testing.
- Developed the skills in communicating with different people, design thinking, and prototype making and testing.

Phone dock and case
M.Sc. Group project

Loughborough, UK
Feb/2019 -- Jun/2019

- Worked with a partner designing the mechanisms, rapid prototyping for test.
- Created 3D models and CNC toolpath, made high fidelity prototype.
- Enhanced collaboration and communication skills, and rapid prototyping skills.
